## Cohen's Lottery &amp; Exchange Office.

HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, April 19, 1822.

## A Floating Prize Out.

The drawing of the MONUMENT LOTTERY yesterday afternoon, brought out a prize of *Two Thousand Dollars*, being one of the numerous capitals so long floating in the wheel. It came out to No. 1050, and we have the pleasure to state that it is owned by a merchant of this city, and a man of family; to whom in the present times, this favor of Fortune comes very acceptable. The ticket was sold only a few days ago.

No other prize came out above *One Hundred Dollars*, although Five Hundred Numbers were drawn, as usual. The official list will be found on the opposite page.

## Gain of the Wheels.

There was yesterday a very considerable gain of the wheels in the MONUMENT LOTTERY, and which adds very materially towards the benefit of adventurers, whose prospects must brighten each day, while the following brilliant list of capitals remain undrawn, viz.

30,000 Dollars	5,000 Dollars
20,000 Dollars	5,000 Dollars
10,000 Dollars	3,000 Dollars

besides sixteen of 1000 dollars, &c. &c. the whole of which are payable in CASH. Tickets are still at the moderate rate of *Twelve dollars*, and shares in proportion. The most prompt attention is paid to all orders, addressed to

J. I. COHEN, JR.

Secretary to the Managers—Baltimore.

The 10th drawing of the Monument lottery will take place on Thursday next. Agreeably to the scheme, the holder of the first drawn number will be entitled to a premium of *One Thousand Dollars*, which as usual, can be had the moment it is drawn.

A delightful musical composition from the pen of Mr. A. CLIFTON of this city, published at the instance of the Musical Society to which it is dedicated, has just appeared. It is adapted as a *glee* for four voices to the beautiful poetry from the last Waverly novel, the *PIRATE*, beginning "*Love wakes and weeps, &c.*" All who have had the pleasure of hearing it concur in the opinion that it is a production of the first merit, and reflects much credit on the already well established taste and science of its author.—*Amer.*

**Progress of Printing.**—The number of persons employed by book-printing in the United States is estimated at 10,000.—Upwards of \$400,000 were expended by the publishers of Rees' Cyclopaedia; 30,000 reams of paper were used; 12,000 copper-plates were engraved, from which 2,776,000 impressions were taken. It has for fifteen years given employment to 100 persons daily. It is the largest work in the English language, and the American edition is larger than the English. The foreign books which have been published in the United States within 30 years exceed \$20,000,000. The amount of books manufactured in this country every year is at least from one and a half to two millions.

FREDERICKSBURG, (Va.) April 13.

**Distressing Fire.**—We stop the press to announce the painful fact, that a fire broke out last night, about 10 o'clock, on the premises owned and occupied by Mr. John S. Wellford, which, before it could be subdued, consumed the whole range of buildings on the square, with the exception only of the Farmer's Hotel; comprising seven or eight stores and dwellings, besides a number of out houses, &c. We have not time at present for further particulars.

During the last three weeks, the value of Southern Bank paper has been considerably depressed in the money markets of the North.

**Important to the Southern States.**—The National Intelligencer of Monday last says—"There was a report in circulation on Monday, we know not on what foundation, that the question between the United States and Great Britain, which was referred to the arbitration of the Emperor of Russia, respecting slaves deported during the late war, has been decided by him in favour of this government. The subject is of great importance to several of the Southern states—and we hope we may soon be able to confirm so agreeable a report."

## BALTIMORE GENERAL DISPENSARY.

1. *Resolved*, That in order to facilitate the practice of vaccination, the managers of the Baltimore General Dispensary shall take such measures as may be deemed necessary to preserve to the institution, a constant supply of genuine vaccine matter; and with a view to extend the benefits of vaccine inoculation, arrangements shall be made to furnish the matter to those who may have occasion for its use.

2. *Resolved*, That the Baltimore General Dispensary will supply good vaccine matter to those who will apply in person, at the rate of \$1 for each parcel, and will enclose the matter to such as apply by letter (post paid) addressed to the Baltimore General Dispensary at \$2 for each parcel—annual contributors will be entitled to receive matter from the institution gratuitously.

**Financial Coincidence.**—Under the head of LONDON 22 Feb. we find that Lord Liverpool and Mr. Vansittart have proposed to the Bank of England a plan for exchanging the *five* per cent for *four* per cent stocks, that will have a similar effect, of saving the annual interest of the funded debt of Great Britain, to that proposed by Mr. Crawford, which the House of Representatives have recently adopted in the shape of a bill. England will thereby save about 1,250,000 pounds sterling, and we shall save a yearly interest of \$260,000, or a total of upwards of 2,000,000. This is a *coincidence* of the financial operations of both countries worth remarking.—*Wash. Gaz.*

## Latest Foreign Intelligence.

By the arrival of the regular packet ship Columbia, captain Rogers, in 37 days from Liverpool, files of London and Liverpool papers to the 3d of March have been received. There appears to be no news of moment. The papers are principally filled with the proceedings of the British parliament, and debates on the state of the country.

The state of Ireland continues to be more and more deplorable. We cannot possibly give extracts this evening, and must content ourselves by stating briefly, that murders, robberies, and burnings, become more frequent every week; and the commission of these crimes continues to be attended by the most aggravated circumstances. In the mean time, the strong arm of the government has thus far been exerted in vain to repress the blood chilling outrages.

The Spanish Cortes have recently decreed, that all Spanish vessels employed in the slave trade are to be forfeited, and the owners, fitters out, masters, and officers condemned to ten years' labour on the public works. All foreigners entering Spanish ports with slaves on board, shall be liable to the same penalties; and all slaves found on board shall be set free.

A heavy loss was sustained at Lloyd's of 100,000l. sterling, insured on the ship Thames, which sailed from the Downs on the 30th January for China. She struck off Beachy Head in a violent Hurricane, and after losing all her masts, she drifted to leeward 11 miles, and went ashore under Easbourne.—Twelve of her crew were drowned.

**Died**, in London on the 24th February, Thomas Coutts, Esq. Banker, at the advanced age of 87. His life was one of great and useful exertion. He died in the presence of his wife and daughters, the countess of Guilford and Lady Burdett. His will was opened in

presence of his family, by which it appears that he has left property to the amount of nine hundred thousand pounds sterling. [\$4,000,000] all of which he bequeathed to Mrs. Coutts, (formerly Miss Mellen, of the Theatre,) for her sole use and benefit, and at her own disposal, without mentioning any other person, or even leaving a single legacy.

## Summary of Domestic News.

On Wednesday last in the U. States District Court sitting at Boston, a definitive decree was rendered in the case of the Portuguese ship Marianna Flora, sent into Boston some time since by the United States schooner Alligator, Lieutenant Stockton. The sum of \$19,150 75, and costs were awarded to the owners, and the further sum of \$500 to the crew, of the Portuguese ship, as a compensation for their imprisonment. From this decree the captors have claimed an appeal to the Circuit Court.

The whole amount received by the committee appointed for the superintendence of the concerns of the Orphan Asylum, in consequence of the late fire, from different contributions, including the grant of ten thousand dollars by the Legislature, is *forty-two thousand four hundred and seventeen dollars*.

On Tuesday morning, on board the steamboat Delaware, between Fort Mifflin and Philadelphia, a passenger from Baltimore was put to bed in the Ladies' Cabin, and delivered of a fine Child.

**University of Pennsylvania.**—At the late commencement in the medical department of the University of Pennsylvania, 77 students received the degree of doctor of medicine.

Subscriptions are now making by the officers of the Navy, to erect a suitable monument to the memory of the late Commodore Decatur.

The Louisville (Ken.) Advertiser states, that the late paper emission of that state has depreciated 70 per cent.

**Crime.**—The attorney general of a late Court in Pensacola, declared that there was no occasion for a Grand Jury; as no person was imprisoned, charged with offence or crime in that town. This is auspicious to our new territory.

**Enterprising Blacks.**—The officers and crew of the brig Traveller, which sailed from New Bedford last week on a whaling voyage were all of them *blacks*, with the exception of the *cook*, who was a white man!

## Proceedings of Congress.

A joint resolution from the Senate, which has passed the House of Representatives, selects the eighth day of May for the termination of the first session of the present Congress. There are numerous bills now under consideration, and many must necessarily be laid over until the next meeting of Congress.

In the house of representatives on Saturday last, Mr. Burton from the select committee appointed to enquire in the expediency of repealing the law for the encouragement of vaccination, made report thereon, in which the committee give a distinct and unequivocal declaration of their entire and unshaken confidence, in the efficacy of vaccine disease as a preventive of small pox—and state that the late unhappy accident in North Carolina has been attended by the consoling circumstance of another and a triumphant evidence of the virtues of vaccination.

The report of the committee of the House of Representatives on the subject of the slave trade, which was delivered in by Mr. Gorham on Friday last, concludes with the following resolution:

"*Resolved*, That the President of the United States be requested to enter into such arrangements as he may deem suitable and proper, with one or more of the maritime powers of Europe, for the effectual abolition of the slave trade."
